IVE | Engineering 工程

Certificate for Safety Supervisor [EG423705Q]

Programme under Vplus Subsidy Scheme

Duration: 43 hours
(Can be completed within 2 months)

Programme Description

According to the Factories and Industrial Undertakings (Safety Officers and Safety Supervisors) Regulations, a principal contractor or a specialist contractor must employ one safety supervisor on each site with 20 or more workers.

This programme provides specific training on safety and health in the engineering and construction industries. It is suitable for those who are assigned to carry out the duties of safety supervisor under the Factories and Industrial Undertakings (Safety Officers and Safety Supervisors) Regulations.

Recognised Qualification

Qualifications Framework (QF) Level 3 under the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ), which fulfills the Occupational Safety & Health Council (OSHC)'s requirement of safety supervisor course.

Career Prospect

Learners who have successfully completed the programme possess the necessary qualifications and capability in performing the specified duties as Safety Supervisors under the Factories and Industrial Undertakings (Safety Officers and Safety Supervisors) Regulations. Graduates with relevant required experience can apply Accredited Safety Supervisor (Construction) to OSHC. For application criteria of Accredited Safety Supervisor (Construction), please refer to the OSHC website.

Programme Outline

1. Engineering Safety Management
2. Occupational Hygiene
3. Accident Prevention
4. Workplace Safety

Entry Requirements

1. Completion of S6 under the new academic structure / S5 under the old academic structure, or equivalent, with one year's work experience; or
2. Completion of QF Level 2 programme, or equivalent, with one year's work experience; or
3. Relevant RPL qualification(s) at QF Level 2 or above
4. Mature applicants, i.e. those aged 21 or above, with at least 2 years' relevant work experience and a pass in the entrance assessment

Programme Fee

HK$3,500

Financial Subsidy

With Vplus Engineering under the Vplus Subsidy Scheme, eligible students may apply up to 60% reimbursement of their tuition fee, totalling a maximum amount of $45,000. For details, please visit the subsidy scheme website: https://bit.ly/311sWgA
