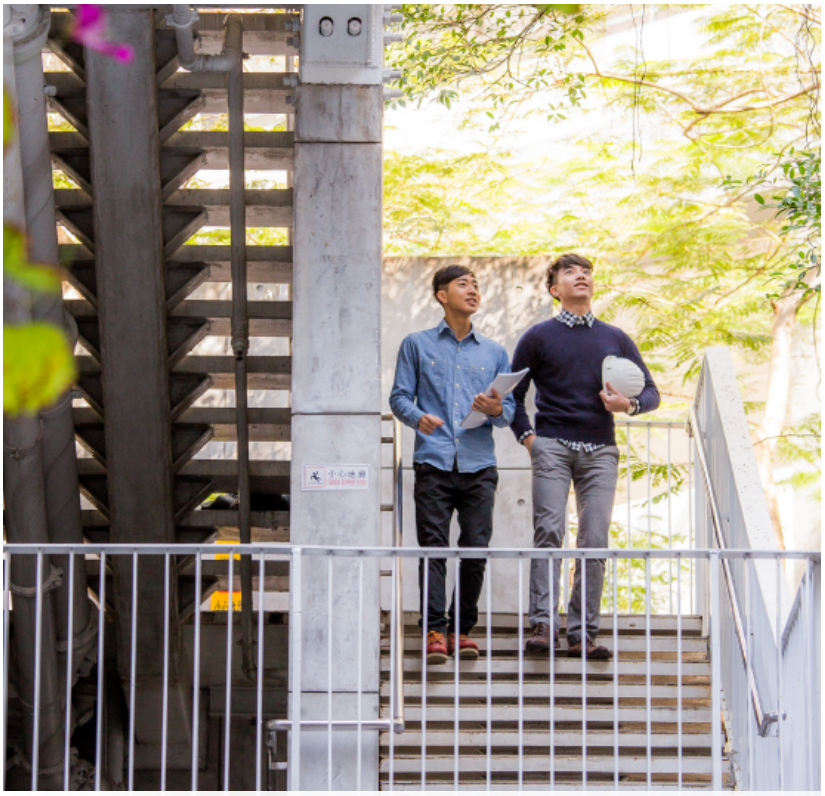
Certificate for Junior Electricians [EG422401P]



Duration: 90 hours
(Can be completed normally in around 3 months)

Programme Outline

- Foundation Engineering Mathematics
- Vocational English: Presenting Simple Information and Ideas in Writing
- Introduction to Electrical Engineering and Safety

Entry Requirements

- Completion of S3; or equivalent with 1-year working experience
- Mature applicants, i.e. those aged 21 or above with at least two years' relevant work experience, may also be accepted. Where appropriate, the applicant may be required to pass an entrance assessment, which can be in an oral and/or written form.

Note: Apprenticeship is counted as required work experience.

Articulation

Graduates can apply for Diploma in Power Engineering (Programme Code: EG423401P) offered by IVE.

Programme Description

- This programme is jointly developed with CLP Power Academy. On completion of the programme, graduates will be awarded "Certificate for Junior Electrician" (at QF Level 2 by VTC).
- The programme aims at providing learners basic knowledge of electrical engineering, safety awareness, and fundamental practical skills training for carrying out some design drafting of simple electrical installations and basic site tests at work.

Course Fee

HK$8,500
