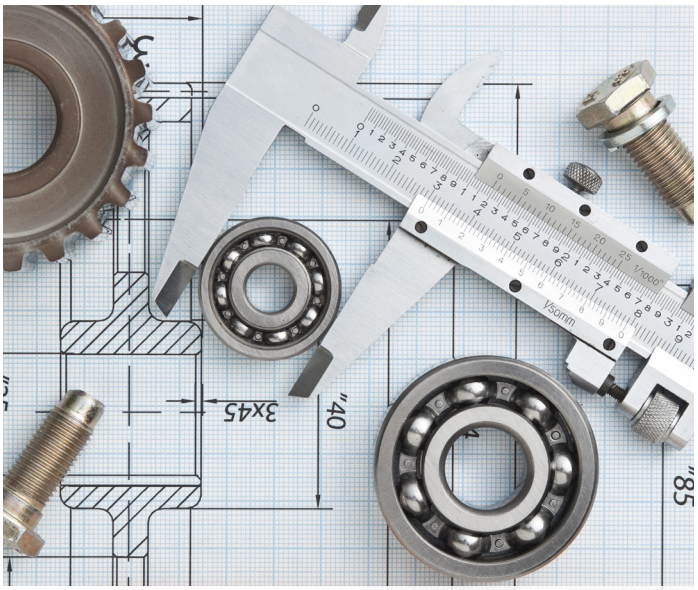
IVE Engineering 工程 | CLP Power Academy 中電學院

Certificate for Junior Mechanics [EG422701Q]



Duration: 90 hours
(Can be completed within 3 - 5 months)

Programme Description

This programme is jointly developed by IVE Engineering and CLP Power Academy. It aims to equip learners with basic knowledge of mechanical engineering, safety awareness, and fundamental mechanical theory for solving simple engineering problems which pave their way to work in the mechanical industry as a competent junior mechanical fitters/ craftsman/ technician.

Graduates can further scale the progression ladder starting from diploma and professional diploma programmes to top-up degree programmes.

Course Fee

HK$8,500

Programme Outline

This programme consists of three modules:

1. Foundation Engineering Mathematics
2. Vocational English: Presenting Simple Information and Ideas in Writing
3. Introduction to Mechanical Engineering and Safety

Entry Requirements

1. Completion of S3, or equivalent, with 1-year working experience; or
2. Mature applicants, i.e. those aged 21 or above with at least two years' relevant work experience, may also be accepted. Where appropriate, may be required to pass an entrance assessment, which can be in an oral and/or written form.

Articulation

Graduates are eligible to apply for IVE Engineering's Diploma in Infrastructure Engineering (Mechanical), and go on to pursue Professional Diploma in Power Engineering offered by IVE Engineering and top-up degree programmes.
